Operational Summary

Description:

Make timely debt service payments on the 1996 Recovery Certificates of Participation (COPs) Series "A."

The 1996 Recovery COPs were sold in June 1996 to raise funds to pay the County's creditors. The issue amount was \$760,800,000, current outstanding principal (as of July 1, 2003) is \$607,790,000.

Debt service is paid from revenues diverted annually by State Statute for this purpose. The diverted revenues include the transportation portion of the Bradley Burns sales tax (\$38 million), Flood Control Property Tax (\$4 million), Harbors, Beaches and Parks Property Tax (\$4 million), and Redevelopment Agency Property Tax (\$4 million). Additionally this fund receives revenue from imported trash (see Fund 285) deposited in the County landfills. The 1996 Recovery COPs will be paid off in July 2026.

Any funds not needed to pay debt service are transferred from this agency to Fund 14A, Option "B" Pool Participants and Fund 15Z, Plan of Adjustment Available Cash.

14V - DEBT PREPAYMENT

Operational Summary

Description:

To reduce the General Fund debt burden. As of June 30, 2003, there is 973.93 million in outstanding in General Fund debt, of this amount \$873.6 million is from the bankruptcy recovery. By the end of FY 2003-04 the General Fund debt burden will be reduced by \$46.85 million and bankruptcy related debt will be reduced by \$39.9 million, through scheduled debt service payments.

This fund was created by Board of Supervisors action on October 20, 1999 which transferred \$27.1 million from the Debt Repayment reserve to this new fund. Subsequently, the annual strategic financial plans, corresponding budgets and bankruptcy litigation settlements have added money to this fund. The County has redeemed or defeased \$363.6 million in outstanding debt since 1998.

Strategic Goals:

- To eliminate or reduce the debt service burden on the General Fund. Reduction of debt releases scarce County general purpose revenues for more productive uses. Although the 2002 Strategic Financial Plan assumed further reduction in the 1995 Refunding Recovery Bond principal, no additional reduction has taken place. Recent historically low interest rates have made early redemption of additional debt economically unfeasible.

The next target for reduction or defeasance are the outstanding 1995 Refunding Recovery Bonds (see also Fund 15P) which have a current balance of \$240.1 million. Interest earned in this fund is credited directly to the General Fund 100.

At a Glance:

Total Final FY 2003-2004 Budget:	93,884,709
Percent of County General Fund:	N/A
Total Employees:	0.00

Budget Summary

Plan for Support of the County's Strategic Priorities:

The 2003 Strategic Financial Plan approved by the Board on March 4, 2003 does not provide for adding additional monies to this fund. The Board also did not want to use the money in this fund to fill shortfalls in County operating programs. Consequently, the \$93.8 million in the fund will remain and will be used to pay for early redemption of the 1995 Recovery Bonds if and when that strategy is in the best long-range

interests of the County General Fund.

15J - PENSION OBLIGATION BONDS DEBT SERVICE

Operational Summary

Description:

This fund is used to record the debt service payments on the County's Pension Obligation Bonds: Series 1994A, Refunding Series 1996A and Refunding Series 1997A. These bonds are a General Fund obligation.

On October 20, 1999 the Board of Supervisors directed the CEO to proceed with actions necessary to eliminate this debt obligation. On March 31, 2000 and June 11, 2000, the County purchased through a tender offer 45% of the outstanding bonds, about \$288.3 million, and then cancelled them. The cost of the purchase was about \$179.0 million.

The remaining Pension Obligation Bonds with a par value of \$350,823,000, were successfully prepaid through an economic defeasance on June 22, 2000. Available funds, including the FY 1999-00 Tobacco Settlement Revenue allocation to the County, were irrevocably pledged for payment, in full, of the bonds and invested in AAA rated debt securities issued by the Federal Home Loan Bank, Federal National Mortgage Association (FNMA). The FNMA securities, along with cash on hand, will be sufficient to pay principal and interest on the bonds when due and payable.

The FY 2003-2004 budget for this fund contains appropriations to record the debt service payments made by the bond trustee from the defeasance escrow fund. There is no "out-of-pocket" payment required from the County.

15P - REFUNDING RECOVERY BONDS

Operational Summary

Description:

To make timely debt service payment on the outstanding 1995 Refunding Recovery Bonds.

This fund was created by Board action on June 13, 1995 to distribute the proceeds from the 1995 Refunding Recovery Bonds to the pre-bankruptcy investment pool participants and to make debt service payments. The debt service payments for the bonds are made through an "intercept" by the State Controller of a portion of the County's share of Motor Vehicle License Fee revenue which is then paid directly to the bond trustee.

The original principal amount of the bonds was \$278,790,000, however on June 29, 1998, \$31,335,000 in outstanding principal was defeased through the use of money in a reserve approved by the Board for debt pre-payment. There is currently an outstanding principal balance of \$240,110,000. See also Debt Prepayment Fund 14V.

15Q - PENSION OBLIGATION BOND AMORTIZATION

Operational Summary

Description:

To record the use of the County's investment account held by the Orange County Retirement System (OCERS) for normal and unfunded accrued actuarial liability (UAAL) costs.

In 1994 taxable Pension Obligation Bonds were sold to finance the County's UAAL obligation. The County deposited \$318.3 million in an investment account held by OCERS. The investment account is a part of the OCERS investment pool and as such earns the same rate of return.

The investment account was initially used to make annual payments to satisfy the County's UAAL obligation according to a 15-year amortization schedule in lieu of County cash contributions; however, in 1996 the County and OCERS concluded an agreement by which the UAAL is amortized according to a 28-year schedule and the investment account is used to pay an annually declining portion of the County's normal cost obligation.

599 - O. C. SPECIAL FINANCING AUTHORITY DEBT SERVICE

Operational Summary

Description:

To make timely debt service payments on the 1995 Orange County Special Financing Authority Teeter Plan Revenue Bonds and to transfer surplus revenues to County General Fund 100 Agency 016 as provided for in the Second Amended Modified Plan of Adjustment. The surplus transfer to Agency 016 ended in FY 2000-2001, future surplus transfers will be made to Fund 100, Agency 100.

In 1995 the Orange County Special Financing Authority issued \$155,000,000 of revenue backed bonds: Series A (taxable) \$32,375,000; Series B, \$20,625,000; Series C, \$34,000,000; Series D, \$34,000,000; and Series E, \$34,000,000. The proceeds of the bonds were used to pay the holders of the County's 1994-95 Teeter Notes and to fund an on-going Teeter Program.

The use of long term bonds to fund the Teeter Program is unique to Orange County and is authorized by special State statute. The Teeter program is an alternate secured property tax distribution plan. Normally the secured property taxes actually collected by a County are distributed to taxing agen-

cies (e.g. school districts), resulting in less than 100% of the tax levy being distributed because of delinquencies. Under the Teeter Plan, the County distributes 100% of the levy to the taxing agencies and in exchange receives the right to keep the delinquent taxes, penalties and interest.

The Orange County Special Financing Authority was set up in 1995 to administer the Teeter Plan in Orange County. The penalties and interest collected on tax defaulted properties provide the revenue to pay the debt service on the Teeter Bonds and, if available, surplus revenue is released to the County General Fund. The Board of Directors of the Authority are the members of the Orange County Board of Supervisors.

As of November 30, 2002, \$123,725,000 in principal was outstanding from all five series. The Teeter Bonds will be paid off in 2014.
